**Location: Klamath Room, 2<sup>nd</sup> Floor, Cal/EPA Headquarters Building**

**1001 I Street, Sacramento, CA 95814**

Please join the California Department of Toxic Substances Control (DTSC) as we convene a meeting of the Green Ribbon Science Panel (GRSP or Panel), September 13-14, 2018, in Sacramento, California. The public is invited to attend and address the Panel on agenda items.

### **BACKGROUND**

The GRSP was established by AB 1879 (Feuer, Chapter 559, Statutes of 2008) to act as a resource for the implementation of California's Green Chemistry Law. The GRSP provides scientific and technical advice to DTSC as we strive to build a meaningful, practical, and defensible Safer Consumer Products program. The GRSP's mandate is to "[a]ssist the department in developing green chemistry and chemicals policy recommendations and implementation strategies and details, and ensure these recommendations are based on a strong scientific foundation."

### **MEETING PURPOSE**

This meeting provides a forum for the GRSP to discuss and advise DTSC on issues related to DTSC's evaluation of example alternatives assessments, its proposal to list carpets with PFAS as a Priority Product, challenges associated with decision-making in the Alternatives Analysis process, the stakeholder Green Chemistry Law policy evaluation, and DTSC's Preliminary Alternatives Analysis Template.

### **MEETING DETAILS**

The public is invited to attend in person and provide comments to the GRSP on agenda items under discussion by the panel. All other non-agenda related comments on the Safer Consumer Products program may be submitted directly to DTSC at [SaferConsumerProducts@dtsc.ca.gov](mailto:SaferConsumerProducts@dtsc.ca.gov). When available, meeting materials can be found at DTSC's [GRSP Meetings](#) web page.
